

smallft.h

```
graph RL; mdf.c --> smallft.h; preprocess.c --> smallft.h; smallft.c --> smallft.h;
```

The diagram illustrates the relationship between a header file and three source files. On the left, a black rectangular box contains the text 'smallft.h' in white. To its right, three white rectangular boxes with black borders are arranged vertically. The top box is labeled 'mdf.c', the middle box is labeled 'preprocess.c', and the bottom box is labeled 'smallft.c'. Three blue arrows point from each of these three boxes towards the right side of the 'smallft.h' box, indicating that each source file includes this header file.
