

arch.h

```
graph LR; arch_h[arch.h] --> misc_h[misc.h];
```

A diagram showing a relationship between two header files. On the left is a gray box labeled 'arch.h'. On the right is a white box labeled 'misc.h' with a thick red border. A blue arrow points from the right side of the 'arch.h' box to the left side of the 'misc.h' box.

misc.h
