 - TLDs
 - Joe Public

Making things better

- New interfaces
- Automation
- Improved back-end

The screenshot shows a web browser window titled "Private Enterprise Number (PEN) Application Form". The address bar displays "http://pen.iana.org/pen/PenApplication.page". A search bar with the Google logo is visible. Below the browser window, there is a list of notes: "Notes regarding the PEN Application Form can be found [here](#). If you have any questions regarding PENs or please contact iana-pen@iana.org." The main content area is a form with two sections: "Organization" and "Contact". The "Organization" section includes fields for "Organization Name: *", "Organization Address:", "Organization Phone:", "Contact Name: *", "Contact Address:", "Contact Phone:", "Contact Fax:", and "Contact Email: *". The "Contact" section includes fields for "Contact Name: *", "Contact Address:", "Contact Phone:", "Contact Fax:", and "Contact Email: *". At the bottom of the form, there are two buttons: "Submit" and "Cancel".

Service Improvements

- Improving registry data
 - IPv4 registry
 - Public Data Network Numbers registry

RIPE 54, May 2007, Tallinn, Estonia
